Both expressed optimism over the outlook, not only in Lebanon but in respect to repercussions elsewhere to the arrival of American forces in this tiny Middle East nation.

Holloway and McClintock were asked their opinion on the possibility that the Lebanese situation might touch off a third World War.

War Threat Slackens

"The ambassador replied, 'From my own political experience, I would say the danger of a third World War is very much re-

SEE RED CHINA HOLDING KEY TO SUMMIT TALKS

By THOMAS P. WHITNEY

AP Foreign News Analyst

The Soviet reply to the U. S. proposal for a summit meeting in the U. N. Security Council may hinge on the fact Nationalist China has a seat in this body.

Izvestia, the government newspaper in Moscow, said today: "Does the United States really think that someone will agree to discuss cardinal international problems with Chiang Kai-shek?"

If Nikita Khrushchev accepts the American invitation and sits down with the representative of the Nationalist Chinese government, he likely would have to do some explaining to Mao Tse-tung.

More Speculate

Mao may put his foot down ahead of time and tell the Kremlin that it must turn down the American invitation in its present form.

It is possible, of course, that in view of the urgency of the international situation and the expressed Soviet desire for a summit talk that Khrushchev might decide to accept anyway.

The Soviets could say to Peking that after all the regular Soviet representative in the U. N. sits in the Security Council all the time with the National Chinese delegate and that there's nothing the Soviet Union can do which it has not already done to change the membership.

A charge of assault and battery brought by David Kennedy, Naples, Fla., against Charles J. Baker, Leesburg, Fla., before Justice of the Peace Robert P. GEORGE MARTIN WILL OBSERVE ANNIVERSARY

George R. Martin, proprietor of the Martin Shoe Store, 22 Baltimore St., is celebrating his 40th anniversary of retailing in Gettysburg with a ten-day sale beginning Thursday morning at 9 o'clock.

The sale offers many bargains in the brand name Yootwear items offered by the store, Rand Rancher, Trim Tred, Scamperos, Poll-Parrot and Hood Canvas.

Each customer who visits the store during the sale will receive an anniversary ticket for a drawing to be held Saturday evening, August 2, when a \$10 and \$5 prize will be awarded.

For 18 of his 40 years in Gettysburg, Mr. Martin has owned and operated his own store. Prior to 1940 he served as manager of a shoe store located on the site of part of the present G. C. Murphy Company store. On May 1, 1940, he opened his own store at 29 Baltimore street and in July, 1963, moved to the present location. With his 40 years of business in the first block of Baltimore St., Mr. Martin claims the distinction of being the "oldest" businessman in the block.

East Berlin Native

A native of East Berlin, Mr. Martin graduated at East Berlin High School in 1912 and began work for C. M. Boyer in the latter's general store in East Berlin for \$5 a week. The store hours were 6 a.m. to 9 p.m., six days a week.

Even before graduating from the three-year high school, Mr. Martin began to gain the business experience that has led him on the road to success. A son of the late J. B. Martin of Strasban Twp., he attended school three days a week and spent the other two assisting his father on a bread delivery route. The late Mr. Martin had a route (Continued On Page 3)

STOCKS IRREGULAR
NEW YORK (AP)—Stock market prices milled irregularly in heavy trading early this afternoon. Gains and losses of fractions to a few selected issues moved the rule. A few selected issues moved the rule. A few selected issues moved the rule.

Brokers said the market once again was absorbing profit taking following Tuesday's extension of its advance to six straight sessions. Prices remained at an 11-month high.

The foreign news continued fairly good. The rise in living costs in June and a report by the President's Council of Economic Advisors that business turned up in the second quarter were other background factors.

550 HERE FOR LUTHER LEAGUE SESSIONS TODAY

With 550 present, the 20th annual convention of the Luther League of the Central Pennsylvania Synod of the United Lutheran Church in America formally opened business sessions in Christ Chapel on the Gettysburg College campus this morning.

Tuesday evening the group took part in an opening service at which the Rev. Charles A. Chamberlain, Altoona, was the speaker. This evening at 7:30 o'clock the speaker at the Christ Chapel session will be Governor George M. Leader, who in his youth was a Luther League member in York County.

The bobby-soxed and sport-shirted teen-agers, representing approximately 5,000 young men and women in 235 leagues throughout the synod will be engaged in business sessions, devotions, workshops and talks and recreation here until Friday.

Speaks On Theme

Most of them visited through Gettysburg early Tuesday and they were told by their convention chairman, John B. Cochran, Altoona, at their session Tuesday evening that their visits to the town and battlefield should be between 3:30 in the afternoon and 7:30 o'clock in the evening. The remainder of the time is devoted to convention sessions, devotions and planned recreations.

Theme of the convention is "Who Do You Say That I Am?" and Rev. Mr. Chamberlain told the group Tuesday evening, "This is a question all must face, and on which they must answer to Christ. During these sessions you have an opportunity to try to find an answer, what you really are. A popular song reiterates 'I believe' and that is easy to say, but what do you believe? You must have faith, and you must have knowledge. Just as you inquire about an acquaintance and get to know him better before he becomes your friend so with Christ. You are acquainted with Him. The better you know Him, the better friend you can be. And while faith and knowledge are vitally important, the most important thing is dedication—that is the true test of faith and knowledge.

"As humans we often answer for our own egoism. To answer 'Who do you say that I am?' you need more than human skill. During your

Next To War What U.S. Wants Least Now Is Summit Parley

By JOHN M. HIGHTOWER

WASHINGTON (AP)—Next to an outbreak of war, the one thing the Eisenhower administration least wants just now is a summit conference either inside or outside the United Nations.

But an effort to preserve U. S. British unity and avoid a repetition of the costly division of 1956 during the Suez crisis has forced the President to take a position where Premier Nikita Khrushchev seems to have the last word on whether or not there will be a summit meeting.

President Eisenhower and Secretary of State Dulles both actually think, according to the word of some of their top aides, that this is no time for a top-level meeting on the Middle East, and that the U. N. Security Council in New York, with all its excitement, is no place for calm discussion of the crisis.

Cite Three Reasons

Administration officials said today there are several reasons why a summit meeting is highly inadvisable now.

1. Khrushchev is in the position of an accuser and the United States of defender in the dispute

Anzengruber At Chicago Meeting

Paul "Bud" Anzengruber, Gettysburg, who has been a patient at the Maguire Hospital, Richmond, Va., for over two years after sustaining a fracture of his back in an auto accident, is in Chicago as a delegate from Virginia to the National Paraplegic Veterans Association convention.

He left Washington, D. C., by plane Sunday afternoon and is due to fly back on Thursday.

LOCAL YOUTH IN JAIL AT YORK; CHARGES HERE

Larry R. Miller, 18, Gettysburg R. 3, is serving a 30-day sentence in York County jail after failing to post \$100 and costs on a disorderly conduct by motor vehicle charge filed by Hanover borough police Monday evening about 9:30 o'clock.

Miller was arraigned before Hanover Justice of the Peace William Y. Nail Jr. Four more charges await Miller after his release from the York County jail.

The other charges include: larceny of a motor vehicle, operating a vehicle without the knowledge or consent of owner and burglary of auto license plates and a tire. These have been filed before Justice of the Peace Robert P. Snyder, Gettysburg, by Gettysburg borough police.

AWOL From Marines

Hanover police learned Miller has been AWOL from the U. S. Marine Barrack Navy Base, Philadelphia, since July 7.

Miller allegedly stole a 1952 white Mercury automobile from John Crawford, Perry, N. J., July 6 or 7 while it was parked in front of the college student's residence at 211 N. Washington St. He also is alleged to have removed the New York state license plates from the Perry car and replaced them with Pennsylvania tags stolen from the car of Dr. Frank H. Kramer, 140 W. Broadway, a professor at Gettysburg College.

After Hanover authorities took Miller into custody Monday evening they turned the auto keys over to his companions in the car not knowing the car was stolen or that the recipient of the keys did not have an operator's card with him.

Doing Five Days

Cleason J. Kauffman, 24, Gardners, and a 15-year-old boy from Carlisle drove to Gettysburg where they were apprehended on Carlisle St. by borough police at 11:45 p.m.

The 15-year-old juvenile was released in custody of his parents and Kauffman was jailed for a hearing before Justice Snyder Tuesday evening on a charge filed by Gettysburg police of driving a vehicle without an operator's license. Kauffman was sent to jail for five days in default of the fine and costs after the hearing.

Kauffman paid a fine of \$5 and costs today before Justice of the Peace Snyder on a charge of not carrying his operator's license with him.

Driver Dozes; Auto Ziz-zags; Man Fined

James Monroe Nell Jr., Jefferson, Md., according to police, chose the wrong moment to let his car ziz-zag on the highway while he dozed.

At the time Nell's car was weaving, the officers said, two of the local state police were in the auto following Nell's vehicle.

The officers halted their regular patrol long enough to take Nell before Justice of the Peace John Whitman, Gettysburg R. D. at 3:30 o'clock this morning. Nell was found guilty of reckless driving and paid a fine of \$25 and costs.

COMMISSIONERS AGREE TO DELAY ON COUNTY HOME

The advisory committee for the county home today announced plans to secure estimates from contractors on comparative costs between construction of an entirely new county home and a plan for use of part of the present county home plus new building before submitting its report to the commissioners.

A. W. Butterfield, Gettysburg R. 4, general chairman for the advisory group, told the county commissioners this morning at their meeting in the court house that:

"The committee would be more satisfied in making its report if we are given time to determine the difference in cost between completely new construction and partially new construction.

Little Loss Of Time

"No matter how quickly one might start construction now, very little could be accomplished this year. If construction is started early next spring you would still be able, most likely, to get under roof before fall. So we feel that there will be little loss of time if we delay our report until after we can get some figures.

"We feel that actual estimates by reputable builders will give us a chance to make the best decision. We have asked the architect to prepare two sets of drawings from which tentative

Red Premier May Agree To Allied Offer On U.N. Talks

By WILLIAM N. OATIS

UNITED NATIONS, N.Y. (AP)—The next step in the Middle East crisis depends on whether Soviet Premier Nikita Khrushchev accepts the challenge to a summit meeting in the U.N. Security Council.

Khrushchev today presumably was making up his mind whether to insist on his own plan for a five-power summit meeting apart from the U.N., or agree to the suggestions of President Eisenhower and British Prime Minister Macmillan for the high-level meeting here.

May Accept Plan

Moscow dispatches said many diplomats there believed the Soviet leader would accept the Eisenhower-Macmillan suggestion though he might not like the setup.

But an article in Izvestia, the Soviet government newspaper, which apparently was written before the Eisenhower-Macmillan proposals were known officially, threw ice water on the U.N. summit idea.

The official Soviet news agency Tass distributed a report of the Izvestia article saying that "the United States rulers are seeking a suitable way to avoid" Khrushchev's proposal.

U. S. Has Majority

"It is common knowledge that the United States holds a mechanical majority in the Security Council. Does the United States really think that someone will agree to discuss cardinal international problems with Chiang Kai-shek (of Nationalist China) who holds a place in the Security Council thanks to his American patrons?"

Western observers in Moscow said they believe Khrushchev might find it difficult to reject the U. N. summit idea in view of his original offer to go anywhere for a meeting.

The Security Council adjourned indefinitely Tuesday night after a second Soviet veto in four days blocked resolutions aimed at setting up conditions for American troop withdrawal from Lebanon.

Will Bolster Observers

The adjournment was taken to await the outcome of negotiations for a summit meeting, and the implementation of Secretary General Dag Hammarskjöld's plan to reinforce the U.N. observer corps in Lebanon.

Hammarskjöld indicated he would ask U.N. members for more men to build up the observer group so they might make it possible for the United States to withdraw its 10,000 troops from Lebanon.

"I shall use all opportunities offered to the secretary general . . . to help," and develop the group "so as to give it all the significance it can have," he told the Council. "You will forgive me for not being able to spell out, at this moment, what it may mean beyond that."

ACID MINE WATER DESTROYS FISH

HARRISBURG (AP)—The State Health Department today blamed heavy rainfall in mining areas for the recent fish-killing pollution of a 40-mile stretch of the Susquehanna River between Montoursville and Northumberland.

Secretary C. L. Wilbur Jr. said the fish kill likely occurred because acid mine water developed in huge amounts and flowed into the West Branch of the river. Usually, this is neutralized by the alkalinity of Bald Eagle Creek, another Susquehanna tributary.

Test Stream

Department sanitary engineers spent four days testing the stream to determine the cause of the death of thousands of fish.

"Tests showed the river to have a higher than usual degree of acidity between Lock Haven and Northumberland than in any other section," Dr. Wilbur said.

He added that the effect of acid mine drainage was noticeable as far south as Northumberland. The West Branch above Lock Haven was considered normal, he explained.

PROBE DEATH

SALTSBURG, Pa. (AP)—State police today were investigating the fatal shooting of David M. Boring, 45, of Saltsburg R. 2, Westmoreland County.

Boring, the father of six, was found dead near his trailer home yesterday by members of the family. They said he had been hunting rodents with a .32 caliber rifle.

CANCEL TOUR

PITTSBURGH (AP)—The American Wind Symphony, a 97-piece orchestra that performs on a barge, today cancelled its Ohio River concert tour because of high water.

Director Robert A. Boudreau said the barge builder, the Dravo Corp., recommended cancellation because debris in the river would endanger the flimsy barge.

FOOD PRICES EASE

NEW YORK (AP)—Wholesale food prices, as measured by the Dun and Bradstreet food index, eased somewhat this week.

THROWN FOR A LOSS

OKLAHOMA CITY (AP)—Everything except the locale resembled a football game when a 16-year-old Port Worth, Tex., youth snatched a woman's purse.

Police said he tucked the purse under his arm and started running. Three men threw flying tackles at the youth as he passed, knocking him down. Then they sat on the squirming suspect until the police arrived.

Powell Faces Trial In Tax Indictment

NEW YORK (AP)—A federal judge has ruled that Rep. Adam Clayton Powell Jr. (D-N.Y.) must stand trial for alleged income tax evasion.

Judge William B. Herlands ruled Tuesday that the indictment charging Powell is valid.

The Negro congressman had sought to have the indictment thrown out.

Powell is charged with preparing a false 1951 income tax return for his wife, pianist Hazel Scott, a Negro, and with evading approximately \$3,000 in a joint return for 1952. No charge was made against the wife.

BLIND CENTER ENDS DECADE OF FINE SERVICE

CHICAGO (AP)—The Veterans Administration blind center at Hines, Ill., has just celebrated a decade of teaching men to do things they've done all their lives.

That sounds like a modest project, but it's one complicated by fear.

According to one of 470 World War II and Korean War veterans who have taken the unique 15-week course, the greatest fear is that sudden blindness has changed everything. Being free of this fear he said, "is more protection for a blind man than a tank is for a soldier."

Proud Record

Russell Williams, institute director who was blinded by an exploding shell in World War II, is proudest of the center's work with a lawyer, two preachers and a chicken farmer.

All feared that blindness had ended not only their careers but almost everything else that had been wonderfully routine in their lives.

Williams recalled, "We first introduced them, as we do all our patients, to the long white cane."

Gave Mobility

"Then we made them mobile again, both inside and outdoors. We taught them how to eat and make their own beds."

They learned to negotiate the hospital corridors and grounds, nearby streets, and eventually Chicago's busy Loop.

Finally, they returned to their law, ministry and chicken farming. Williams measures the center's success by small yardsticks—a blind veteran's ability to change a flat tire and carry a pail of ashes from the basement to the alley.

Use Of Tools

When someone with no vocational training comes to the center, there are instructors and facilities for starting him toward the use of shop tools so that he can lead an independent life.

Williams lives the objectives of independence which he teaches, having recently returned from two weeks of camping out with his family in the Rocky Mountains.

HIGH FINANCE

NEWPORT NEWS, Va. (AP)—Back in 1936 the Newport News Shipbuilding and Dry Dock Company purchased a huge heavy-duty engine lathe for \$6,000. In 20 years it was depreciated on the books in the amount of \$6,300 and this amount set aside for replacement.

It was sold for \$3,700, making \$10,000 available for replacement. The new lathe cost \$36,000 and \$26,000 had to be taken from profits after taxes. Taxes amounted to 34 per cent of earned profit and, therefore, \$57,000 had to be earned in profits. The company figures it required \$807,000 in new business to make enough to buy the new lathe.

LIQUOR QUICKER

CINCINNATI (AP)—A "high-ball" is a better remedy for nervous tension than the new tranquilizer drugs, a Cincinnati psychiatrist says.

Dr. Warren Richards warns that self-medication with the new drugs can be harmful and asserts that a moderate amount of alcohol is preferable for temporary relief from nervous tension and anxiety.

USSR OBJECTS TO WEST PLAN FOR SUMMIT TALKS IN U. N.

By JOHN M. HIGHTOWER

WASHINGTON (AP)—Moscow objected sharply today to Western suggestions for a U. N. summit meeting to discuss the Middle East crisis, but stopped short of saying Premier Khrushchev would not accept.

The suggestions were made in varying forms Tuesday in the Western powers' individual replies to Khrushchev's own suggestion for a five-power summit meeting outside the United Nations.

The initial Moscow reaction came in a commentary by the government newspaper Izvestia, which said that "everyone knows the U.S.A. can rely on a mechanical majority in the Security Council."

Accused Of Delay

The commentary broadcast by Moscow radio also accused this country of trying to prevent the five-power conference Khrushchev proposed. But it did not rule out Soviet acceptance of the Western proposal.

In advance of that, U.S. officials said they expected Khrushchev to accept, but to attach conditions which the United States and its allies may find unacceptable.

The Izvestia commentary mentioned one that they had anticipated—the possible participation in such a meeting of President Chiang Kai-shek of Nationalist China. The Soviet Union is a strong supporter of Communist China.

The separate notes they sent Khrushchev Tuesday night showed that President Eisenhower, Prime Minister Harold Macmillan of Britain and French Premier Charles de Gaulle themselves were badly divided on the issue of a meeting.

Eisenhower is reluctant to become involved in any kind of session with Khrushchev at this time. His letter strongly indicated, by several toughly worded paragraphs, that he considers the Soviet Communist leader to be behind much of the turmoil and trouble in the Middle East.

But under pressure from Macmillan, Eisenhower told Khrushchev that if a Security Council meeting involving presidents and premiers and foreign ministers "were generally desired, the United States would join in following that orderly procedure."

Administration officials said there was no doubt that if other government chiefs all agreed that they wanted a summit session in the Security Council, the President personally would attend.

De Gaulle Line Differs

Macmillan, under heavy pressure from the opposition British Labor party to go to a summit conference, was much stronger in his commitment. He told Khrushchev, "I would certainly be ready to attend such a meeting if you would also go and I take it from the terms of your (July 19) message that you would."

It was in that message that Khrushchev suggested an emergency summit meeting at Geneva or elsewhere of the United States, the Soviet Union, Britain, France and India.

De Gaulle followed a quite different line. He emphasized that he accepts the principle of a summit conference but he said the United Nations lacks the calm atmosphere France desires for a conference. He asked that it be set at another time and place while the Security Council with its normal membership continues to seek a solution for the Middle East crisis.

SEE HUGE JOB ON SECURITY

NEW YORK (AP)—If Soviet Premier Nikita Khrushchev should come here, the problem of assuring him protection probably would require the greatest and most complicated effort ever undertaken in this country.

Without doubt, thousands of persons would be assigned to the job.

The New York Police Department, which never takes any chances on such occasions, would have a big portion of its 24,000-man force detailed to that task.

Even for visits of President Eisenhower, the Police Department has hundreds and sometime thousands of officers lining the streets, and guarding him at other spots.

In addition to the city police force, a Khrushchev visit would require security aid from federal officers, Soviet bodyguards, United Nations officers, and possibly even New York State and County Police.

The fact is that many an Eastern European refugee now living here doesn't like the Soviet Union and likes Khrushchev even less.

By FRANK CORMIER

WASHINGTON (AP)—The Commerce Department says the recession slump in sales of autos, appliances and other consumer durables seems to have been substantially halted.

This appraisal came on the heels of a report by President Eisenhower's economic advisers that the national economy tilted upward in the April-June period for the first time in nearly a year.

The economists reported, however, that consumer purchases of durables continued to slump during the three-month period.

Looking at just the June figures the Commerce Department said: "The decline in outlays for consumer durables, which constituted the major area of recent weakness in consumers' buying, appeared to have been substantially arrested."

Firmer Business

Commerce, in its monthly survey of current business, said June produced additional evidence of firmer business conditions.

Eisenhower's Council of Economic Advisers estimated that second-quarter output of goods and services increased to 428 billion dollars at a seasonally adjusted annual rate.

Known as the gross national product or GNP, this most comprehensive of all economic indicators was up from a recession low of \$425,800,000,000 in the first quarter. It hit a peak rate of \$445,600,000,000 in the third quarter of 1957.

Responsible For Recovery

Increased purchases by individuals and by the government were responsible for the recovery in the GNP. These components rose more than enough to offset a continued slump in gross private domestic investment—construction, inventories and business plant and equipment.

Businesses in the April-June quarter continued to liquidate inventories at the record first-quarter annual rate of 9½ billion dollars.

The Commerce report noted that personal income, a good clue to consumer purchasing power, has regained in recent months all the ground lost early in the recession.

DEATH RIDES THE HIGHWAYS

CHICAGO (AP)—According to the records of the National Safety Council, motor vehicle accidents in the last decade reached the unbelievable total of 91,050,000.

These accidents caused 357,805 deaths, disabled 12,550,000 with injuries and caused an economic loss of nearly 37 billion dollars.

During this time, federal, state and local governments have spent \$58 billion to build safer roads and streets.

DUCKING THE ISSUE

CHEYENNE, Wyo. (AP)—On page 10 of a Cheyenne newspaper appeared a letter to the editor wondering what happened to the flock of 27 ducks which stayed in a lake at the city park all summer.

On page 12, under the heading "Today's Recipe," was the selection "Danish Wild Duck With Sour Cream. The Mayor's Favorite," contributed by Mrs. Val S. Christensen, the mayor's wife.

The mayor was quick to explain. He said the ducks had been moved to warmer quarters for the winter—not to the Christensen dinner table.

WELCOME CHANGE

HONOLULU (AP)—Hawaii's government workers may be allowed to wear a genuinely Hawaiian piece of clothing—the aloha shirt—to work this summer for the first time.

Gov. William F. Quinn, reversing the stand of his predecessor, says it's okay with him if territorial employees wear the cool and colorful shirts on the job.

Report Pro-Nasser Coup In Sudan Nipped By Sudanese

CAIRO (AP)—Western travelers arriving today from Khartoum said an Iraqi-type pro-Nasser coup was attempted in Sudan in the last few days. It apparently was nipped by the Sudanese authorities.

Sudan is on Egypt's southern border.

Details of the attempt could not be learned.

Egypt's government-controlled Middle East News Agency reported in a Khartoum dispatch Tuesday the commander of the Sudanese army had ordered all officers to remain at their posts.

On July 19, the United Arab Republic's Foreign Ministry disclosed the Sudan government had ordered the ouster of the U.A.R. Embassy counselor in Khartoum, Aly Khashaba, alleging he had engaged in suspicious activities.

Sudan's Premier Abdullah Khalil is violently anti-Nasser.

The two countries long have been feuding, especially since Sudan gained independence Jan. 1, 1956, ending joint British-Egyptian rule. Now they are involved in a new row over damming the waters of the Nile, whose upper reaches are controlled by the Sudanese.

LEBANON YANKS FIRE ONLY IN SELF DEFENSE

WASHINGTON (AP)—American forces stationed in Lebanon have been given strict orders not to fire except in their own defense.

A Pentagon spokesman explained that a case of mistaken identity caused a brief exchange of shots with Lebanese police in the area of Beirut airport.

No one was hurt in the exchange, the spokesman said, and the firing ceased as soon as the Lebanese officers and U. S. Marines recognized each other.

Snipers had been firing intermittently at American aircraft from the airport vicinity for several days prior to the incident.

The United States, which now has some 8,300 men in Lebanon, plans to send in 700 additional "troops," including engineers, medical and dental personnel and other auxiliary types.

The Military Sea Transportation Service announced it was adding 28 vessels, including one troop transport, to its fleet to meet possible needs for Middle East movements.

Meantime, the Navy ordered 6,000 Marines who had been loading for several days at East Coast ports to undertake amphibious training in the Atlantic between the Virginia Capes and Puerto Rico.

Three Lose Lives In Iraqi Revolt

AMMAN, Jordan (AP)—The number of high-ranking Jordanian members of the Arab Federation government slain during the Iraqi revolt has reached three, a Jordanian spokesman said today.

The latest is Khoulouf Kheiry, minister of state for foreign affairs in the joint Iraqi-Jordan government, the spokesman said.

The Jordan government announced Tuesday that Ibrahim Hashem, 85, deputy premier of the Federation; and Suleiman Toukan, 70, former Jordanian defense minister, were both slain in the coup.

NIXON EXPECTS A "REAL FIGHT"

WASHINGTON (AP)—Vice President Nixon launched a Republican "Operation Coffee Cup" campaign today by telling GOP workers to "get up early and stay up late" if they want to win this year's election.

Nixon was guest of honor at an early morning coffee party sponsored by the National Federation of Republican Women at the Capitol Hill Club. Secretary of Labor Mitchell and a score of congressmen also attended the affair, which is supposed to set the pattern for neighborhood coffee meetings throughout the country.

Nixon told the group the Republicans have a real fight on their hands but can win if they acquit the voters with the candidates and the issues. An effective way to do that, he said, is to arrange for neighborhood coffee parties at which candidates can meet and chat with the voters.

ZETTLE URGES SIXTH APPLE COVER SPRAY

The sixth cover spray for apples is called for in apple spray information letter No. 11 sent today by County Agent Frank S. Zettle to fruit growers of the county.

Zettle said "second generation codling moth adults are emerging and the larvae are entering apples. All stages of red-banded leaf roller are present. Mites are increasing in some orchards. At this time apple scab is present in more orchards and a problem in some. The current showery weather favors sooty blotch and fruit rot."

The sixth cover spray is to be applied "not later than 14 days since you started your last application."

Gives Formula
For dilute sprays farmers should use per 100 gallons of spray one pound of a 50 per cent wettable powder Captan and one pound of a 65 per cent wettable powder Zineb plus either 1½ pounds of a 50 per cent wettable powder DDT and one pound of a 50 per cent wettable powder TDE, or two pounds of the DDT plus two pounds of Aramite or Kelthane. For concentrate solutions the amounts should be tripled.

When codling moth is abundant the addition of Parathion 15 per cent wettable powder at one pound dilute or three pounds concentrate "will help kill the worms that have entered the fruit recently," Zettle said.

Emmitsburg

EMMITSBURG — The Emmitsburg Lions Club met recently in the Lutheran Parish Hall. President Charles F. Stouter presided with 21 members present.

The stag picnic of the club will be held in August and a committee composed of Paul Claypool, William Morgan, Ralph McConnell and George Wilhide was appointed to plan the affair to be held at the cottage of President Stouter along Tom's Creek.

Has Shrimp, Bread, But No Sandwiches

DECATUR, Ill. (AP)—A shrimp by any other name is still a shrimp to a Decatur woman who reports that she was denied a fried shrimp sandwich while on a Florida vacation.

"We don't have any fried shrimp sandwiches," the waitress said. "Well do you have any fried shrimp?" she was asked. "Yes." "And do you have any bread?" "Yes." "Then I want a fried shrimp sandwich." "Sorry," the waitress said firmly. "We don't have any fried shrimp sandwiches." She took a hot dog.

Do-It-Yourselfer Sets House Afire

NEW ULM, Minn. (AP)—If you don't succeed, don't try again, says Alfred Polta, a self-proclaimed do-it-yourself artist. Polta, preparing to do some shelving in his home, bumped a lamp off the wall. It fell on a jug of paint thinner and broke it open. The light bulb broke and set the thinner afire. Damage ran to \$1,000.

"The house will have to be repainted inside," said Polta, "but this time I won't be doing it."

GEORGE MARTIN BISHOP LEECH MAKES CHANGES

(Continued From Page 1)
that covered Adams County and ran from Heidersburg to Wellsville in York County.

At the age of 13 Martin drove a team and wagon selling bread for four and eight cents a loaf while his father worked on another part of the route.

While working in Boyer's General Store, Martin was offered a job in Reading selling shoes. His brother was also offered a job and the two went to Reading in the employ of the late E. B. Criswell.

Came Here In 1918
Martin later went to York and then to Harrisburg, still in the shoe business. In Harrisburg he was manager of the store.

Martin met the former Miss Ruth Lawver, daughter of the late Mr. and Mrs. Daniel G. Lawver, of Aspers. "I moved from York to Harrisburg because I could spend Sunday in Aspers and return to Harrisburg in time to open the store Monday morning," he said. The couple was married March 4, 1917.

Martin came to Gettysburg in 1918 "when I was faced with induction into the Army. I thought that if I should have to go, my wife could run the store during my absence."

He opened his own store in 1940 with \$1,625 worth of shoes and assets totaling \$4,000. Today he claims assets of over \$100,000 and a "high" rating with Dun and Bradstreet.

Expanded In 1953
In 1953 when the G. C. Murphy Company expanded its facilities, Martin was forced to move to his present location in the former Redding Supply Co. store. While waiting for the store to become vacant, Mr. and Mrs. Martin took a ten-week trip to Casablanca, Africa, to visit their son and daughter-in-law, Mr. and Mrs. George R. Martin Jr.

The Martin flew to Casablanca and returned on a freighter which took five weeks.

"Each time I have moved it has been for the better," Martin said. He has raised a family of seven children, all of whom are married. He has 22 grandchildren.

The children are: George R. Martin, Casablanca, Africa; Mrs. Howard Weller, Wellsboro, Pa.; Mrs. Richard Fidler, York; Mrs. William Strayer, Caledonia; Robert W. Martin, Gettysburg, R. I.; Mrs. Clarence Anzenruber, Alexandria, Va., and Mrs. William B. Gallagher, Gettysburg.

In 1947 Martin acquired an x-ray shoe-fitting machine which was used for a number of years.

Active In Trade
In 1951 Martin was elected a director in the Middle Atlantic Shoe Retailers Association, comprising retailers in Pennsylvania, New Jersey, Delaware, Maryland, Virginia and the District of Columbia.

Martin served as president of the Adams County Fish and Game Association and has raised beagle hounds. One of his dogs was the field champion beagle in 1948. He has acquired 56 ribbons with this dog.

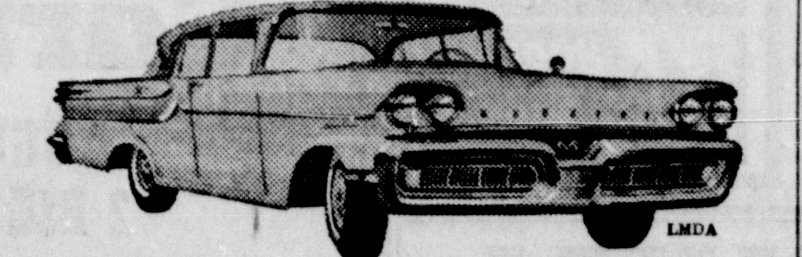

He celebrated his 64th birthday on Friday. He claims to have sold over one-half million pairs of shoes with a retail value of over \$1,500,000.

"Three of Mr. Martin's brothers and a sister are in the business and four of his children are doing the same. George Martin Jr. also was in the shoe business as a manager before going to Africa.

Robert Martin, a son, is the manager of the local store. Mrs. William Gallagher, a daughter, serves as an extra clerk in the store. Other employees are Mrs. Marguerite W. Funt, a full time employee, and Miss Deborah Ann McCullough, who serves on busy days.

Kansas Park Copies Local Spring Head: Out in Brown Memorial Park at Abilene, Kansas, where thousands of children and adults enjoy the privileges and pleasures of a free public park, a heavy gushing spring will have its head covered with a replica of historic Spangler's spring, such as is so popular to countless millions of tourists who visited the Gettysburg Battlefield.

Brown Memorial park was conceived by an Adam countian who journeyed with his parents to the middle west, amassed a fortune in public utilities and is devoting a great part of his fortune for the benefit of the general public.

C. L. Brown, a native of Adams county and president of the United Telephone company, built Brown's Memorial Park at Abilene, Kansas, and turned it over to the public. It is one of the show places of Kansas and is patronized by thousands of young and old folk.

Mr. Brown was born at Brown's mill, between New Oxford and East Berlin. He spent his early years in Adams county and then accompanied his parents when they moved to Kansas.

Senator Rice Takes Match: The nineteenth hole was played differently than usual when State Senator John S. Rice, of the Adams-Franklin district, and C. A. Bixler, telephone company manager, required an extra green to determine the better golfer of the two in their preliminary match in the Caledonia golf course championship Friday afternoon.

They finished the eighteen holes with a tie and the extra hole was won by a stroke.

Wiley Post, Flying Solo, Breaks Round-World Record Saturday Evening: New York, July 23 (AP) — Landing his monoplane Winnie Mae at Floyd Bennett field at 10:39:30 p.m. East Standard Time last night Wiley Post completed the fastest round the world trip ever made and a solo one at that.

The one-eyed Oklahoma streaked across Canada and the United States on his last lap, from Edmonton, so fast that he shot down out of the darkness fully two hours before he had been expected.

Making the last 2,200-mile leg in a little over thirteen hours he cut his total elapsed time to 186 hours, 46 1/2 minutes.

This bettered by more than twenty-one hours the best previous globe encircling flight made by Post and Harold Gatty in 1931.

Doctors Honor Dr. R. Gifford: Dr. R. W. Gifford, of Gettysburg, was honored at the twenty-seventh annual meeting of the west section of the fifth councilor district of the Pennsylvania medical society in Carlisle Thursday by being elected vice president.

Name Groups To Plan For Big Picnic: Biglerville's annual community picnic will be held Wednesday, July 26 in the Firemen's grove, near Biglerville.

A committee comprising O. A. Nary, Edith Deardorff, Lloyd Kleinfelter, George Shank, John Deardorff, Emory Punt, Rowe Martin and Anita Rouzer met recently and outlined details for the picnic.

The following committees were named: Games, Kindergarten Group, June Gindelperger, Mrs. Viola Ecker, Mrs. Bernard Thrush; first and second grade children, Helen Lower, Mrs. George Shank and Mrs. Mabel Heller Punt; eight to eleven-year-old children, Mrs. Earl Carey, Jean Fohl, Richard Slaybaugh and Harold Lower; twelve to sixteen-year-old boys, Donald Helges, Earl Fohl and Zell Thomas; twelve to sixteen-year-old girls, Mrs. Paul F. Osborn, Ruth Myers and Marie Punt; adults, women, Mrs. Blaine G. Walter, Blanche Deardorff and Mrs. J. D. Miller; adults, men, Prof. C. L. Raffensperger, Carl Slaybaugh and Bernard Thrush; music committee, Charles Yost, Earl Fohl and Richard Slaybaugh; horseshoe committee, N. C. Thomas and A. D. Houtz; equipment committee, John Deardorff, Emory

Today's Talk

MORE ON REGIONAL WRITERS

The South has one of the finest regional novelists in Harnett Kane of New Orleans, author of a score or so of novels mostly concerned with notable figures of the South, but all excellently written. His book about Huey Long, "Louisiana Hayride," started him toward fame and one of his most recent books is "The Lady of Arlington" (Mrs. Robert E. Lee). All of his books, however, are well worth reading.

The first regional books to intrigue me were written by Conrad Richter. The first was his "A Sea of Grass." That started me off and today I have every book he has written — his latest being "The Lady," a brief novel that you won't forget! But you will want to read all of Richter's books — some twenty in all together. Read his "Free Man," "The Trees," and "The Town."

Other regional books that attracted my interest were those by Jesse Stuart. He is called the novelist of the Kentucky. He has become famous as a just reward for having struggled in early life. He worked his way up. One of his most fascinating books is on school teaching. It is called "The Thread That Runs So True." He was once a school teacher. The book that started him to fame was a book of poetry.

My latest interest in regional writers is that of a Missouri writer — Daisy Put Stockwell, whose first book has recently been published, entitled "Land of the Oldest Hills." The author lives in an attractive small home among these hills that are famous as the Ozarks. In simple words she tells you in detail all about the life in her beloved hills. And you learn that the author is also a newspaper writer, an artist, a violinist, and a singer! She is now working on her second book — a novel.

Tomorrow Mr. Adams will talk on the subject: "Simplify"

Just Folks

HOT WEATHER INDIFFERENCE

In weather like this
I am keen for the shade.
For the comforting bliss
Of a long lemonade.
And the songs I might sing
And the deeds I might do
Are like birds on the wing
Under skies that are blue.
Oh, I care not for fame
Nor the web of life's plot
Nor success in the game
When the weather is hot.

When the weather is hot
I'm a loafer at heart.
I'm content with my lot
And there's no task I'd start.
In the shade of a tree
By the side of a lake
I would stretch out and be
Free from all that's at stake.
Fame and fortune may pass,
Luring me to the test,
But I'll lie in the grass
Keeping cool, and rest.

REMAINING SON OF MCLELLAN DIES IN CRASH

LITTLE ROCK, Ark. (AP)

Grief-stricken Sen. John McClellan came home to Arkansas today to await the burial of his youngest son, victim of a plane crash that killed three other men.

McClellan made another sorrowful journey from Washington nine years ago. He came then for the reburial of a soldier son who died overseas and his second son died of auto wreck injuries on the day of the funeral.

James Howard McClellan, 30, who was killed in the crash near Little Rock Tuesday, was the 62-year-old senator's third and only remaining son.

The Arkansas Democrat received the news of the fatal crash just after he had been in the Senate chamber voting on an amendment to the Reciprocal Trade Act bill.

Sought Pilot's License

The younger McClellan, a Little Rock attorney, was at the controls of a twin-engine plane owned by a Little Rock flying service. A flier since his Air Force service in the Korean War, he was taking a test for a twin-engine pilot's license.

Killed with McClellan were instructors Wallace Denman Hill, 57, and Jesse Ralph Williams, 32, both of Little Rock, and Harold K. Gilbert, 33, Stuttgart, Ark., who planned to take his pilot's examination after McClellan.

A Civil Air Patrol official said apparently McClellan was flying on one engine and that something must have gone wrong with the other one.

James McClellan was the son of the senator and his deceased second wife.

The younger McClellan's survivors include his widow, two sons and a daughter.

ABBOTTSTOWN — Sherry Harris, daughter of Mrs. Verna Harris, is spending two weeks at Camp Harmony Hall, Highspire.

Wayne Stambaugh, who left for honor at a dinner Sunday at the home of Mr. and Mrs. Guy Kohr, New Oxford. Other guests included his parents, Mr. and Mrs. Ellis Stambaugh, and children, Nancy, Gordon and Billie, and Miss Jane Altland.

Mr. and Mrs. Eldwood Hughes, Detroit, Mich., were recent visitors of Mr. and Mrs. Mervin Becker, near town.

Mr. and Mrs. George Fry and sons, Columbus, O., are visiting Mrs. Fry's parents, Mr. and Mrs. Herman Hoover.

Work is progressing on the erection of the outdoor shrine adjoining the Paradise Catholic Church but it is unlikely it will be ready for dedication on August 22, Feast of the Immaculate Conception, as previously planned. Every effort will be made to have it completed by February 11, 1959, the date that closes the world-wide Catholic observance of the 100th year since the establishment of the shrine at Lourdes, France.

The Rev. Fr. Louis Dougherty, pastor, plans to place in the shrine the marble statue of Mary, donated by the late Mrs. Mary Heltz Jenkins, York, a former local parishioner. A large stone cross which will provide the base for the portable altar on which mass will be celebrated on special occasions, will stand near the statue. Cut flagstones of varied color will be used for the steps of the shrine. Suggestions will be welcomed by Rev. Dougherty for landscaping and planting of flowering bushes that will bloom from May to October.

The agricultural student group from France, who are spending the month in East Berlin and assisting with the cherry harvest, were guests recently of Rev. Dougherty at the Paradise Agricultural School grounds after attending mass at the church.

LOPEZ HERO AS KC FANS HOLD BOB CERV NIGHT

By FRANK CRAWFORD
Associated Press Sports Writer
KANSAS CITY (AP) — Bob Cerv got enough gifts from admiring fans Tuesday night to fill an eight-room house plus another he probably will remember as long as any — a beautiful last ditch home run by Hector Lopez.

Some 23,000 Kansas City Athletics fans had turned out for Bob Cerv Night in appreciation for the courageous play of the outfielder and slugger who has carried the club with his hitting despite a broken jaw and half a dozen other assorted injuries.

The fans, including former President Harry Truman and three governors, paid tribute to Cerv, whose home run total of 24 is third best in the league. The 32-year-old veteran also has batted in 66 runs and is batting .335.

Cerv managed to wade out of the knee — deep dignitaries and scratch a single through the infield to drive in a first inning run but that ended his hit production for the night. The league's leading home run-RBI hitter, Boston's Jackie Jensen, clubbed his 28th home run with Ted Williams on base in the sixth inning. And with the Sox' Tom Brewer pitching three-hit ball it looked as if Cerv Night was going to end on a sad note. For with the help of another homer by Pete Runnels Boston had a 3-2 lead going into the last of the ninth.

Brewer disposed of Preston Ward for the first out and up came big Bob with a chance to tie the score with a home run. He tried mightily but hit a harmless fly ball to center fielder Jimmy Piersall.

Harry Simpson worked Brewer for a base on balls. Next was Lopez who drove a Brewer pitch over the left field fence.

FORMER RIVALS MEET TODAY IN GOLF TOURNEY

By JERRY LISKA
Associated Press Sports Writer
CHICAGO (AP) — Two former champions strove to survive but the day's best match was between two former club rivals in today's second round of the Women's Western Amateur golf tournament.

Now both college graduates, Anne Richardson (Ohio State) of Columbus, Ohio and Berridge Long (Marshall) of Huntington, W. Va., renewed a feud dating back to the finals of the 1953 Western Junior finals.

Miss Richardson, now 22, won that 1953 showdown from Miss Long, now 21, by a score of 2 to 1.

Miss Long Tuesday ousted defending champion Meriam Bailey, Northwestern University coed, 1 up on the 19th hole.

Miss Richardson is one of the five surviving U.S. Curtis Cup team members.

The two former champions in contention, medalist Anne Quast, 20-year-old Stanford senior from Everett, Wash., and Polly Riley, Fort Worth, Tex., Western Amateur winner in 1950-52, had dark horse opponents.

Other pairings
Miss Quast, 1956 meet winner, faced Sandra Clifford, 21, a Mexico City tutor in a primary school.

Miss Riley, like Miss Quast a Curtis Cupper, encountered Mrs. Paul Dye Jr., veteran Indiana State champion from Indianapolis.

The meet's youngest contender, 15-year-old Sharon Fladoos, a high school sophomore at Dubuque, Iowa, met Mrs. William Harrison, Oakland, Calif.

Young Sharon Tuesday scored a resounding upset as she took a 1 up decision on the 19th from veteran Mrs. Ann Casey Johnson, Mason City, Iowa, last year's Amateur of the Season.

Capitani Enjoys Big Day At Olean

Frank Capitani, erstwhile Gettysburg College star, enjoyed a big day last Thursday with Olean of the Class D New York-Penn Baseball League.

In the first game of a double-header with Geneva, Capitani smashed out two singles and a double in four trips to the plate, batted in three runs and scored one as his team won 13-2. In the second game, lost by Olean 3-1, the former Bullet ace singled home the only run of the game in three trips.

Capitani was signed by the Philadelphia Phillies following his graduation in June and spent a short time with Williamsport of the Eastern League before being sent to Olean. The New York team is in fourth place.

STAN MUSIAL MOST LIKELY NL BAT CHAMP

MILWAUKEE (AP) — The St. Louis Cards' Stan Musial and the Milwaukee Braves' Hank Aaron agreed that "The Man" is the man most likely to succeed in the race for the National League batting title.

They didn't forget Willie Mays of the San Francisco Giants. Aaron earned the right to talk of such majestic feats again by pushing his batting average over .300 Tuesday night for the first time this season.

Mays is Second
He collected four singles in as many visits to the batter's box in the Braves' 2-1 decision over St. Louis and now is hitting .305, a climb of 71 points in the last two months.

Stan The Man is in the forefront with a mark of .387. Mays at .344 is second. Aaron right now is among the also rans.

"It's been a long pull," said Aaron referring to his elevation into the rarified air of the .300 hitters. "After you get 200 AB's and you're still hitting .250 you're in deep trouble."

"In Good Position"
"With anybody but Musial I'd have a chance," Aaron said. "That man's too good. He'll probably be hitting .387 in September. Of course, there's Mays you know."

Musial was asked what he thought his chances were of winning his eighth batting championship and second in a row. He took the title last year with a .351 effort. Aaron won it the year before with an average of .328.

"I'm in a good spot," he said. "At this stage of the season I need only about a hit a game to maintain a good pace. Aaron would have to hit about 400 from here on in to wind up at .350 which I figure will be high enough to win. It's not impossible."

Expect Over 40 Cars At Lincoln

Botts Podied, Lebanon, Pa., star who had a hot victory string of features at local tracks stopped last week by Abel and Kessler, will attempt to start a new string this week but will face tough competition from Jerry Banks, Stewartstown, Pa., veteran attempting to hold onto his point lead at the local speedway.

EDDIE SAWYER TAKES OVER IN SUDDEN SWITCH

PHILADELPHIA (AP) — Ten years ago, less one day, Eddie Sawyer was hired to manage the Philadelphia Phillies. Tonight he takes over again as the Phils' field boss in one of those quirks explained thus by his predecessor: "That's baseball."

General Manager Roy Hamey announced Tuesday that Mayo Smith, the man he personally brought up from the minors in 1955 to manage the Phils, was through and Eddie Sawyer, who led the Phils to the National League pennant in 1950, was replacing him.

Sawyer has been out of the game since he was fired midway in the 1952 season for failing to win. How come, Hamey was asked, the Phils hired him?

Has Seen Few Games
"He had a good record and he knows the National League," replied Hamey.

Sawyer declined to make a thorough appraisal of his club until he's seen more of it. He explained he'd seen very few games this year because he'd been so busy in his job as an executive with a golf ball manufacturing firm.

Smith said he felt no bitterness. "It was sudden, but that's baseball," he said.

Smith was paid off for the rest of the season when his contract was to have expired. Sawyer was hired through the end of the 1959 season.

RUNNER TRAILS HORSEMEN OVER TOWERING TRACK

HEBER, Utah (AP) — The lead horses topped 8,000-foot Daniel's Summit just after last midnight, but the men on foot appeared to be gaining in a gruelling, 157-mile endurance test between man and beast.

The men are pitted against the mounted horses in a race from Salt Lake City via major highways to Roosevelt, in eastern Utah. The Summit, highest point on the route, is 70 miles from the starting line, from which the racers set out shortly before 10 a.m. (MST) Tuesday. It's 19 miles east of Heber — all but 4 miles of it a steady uphill grade.

First to the summit was 24-year-old Stewart Paulick of Tooele, Utah, riding a spirited horse he describes as seven-eighths thoroughbred. Five miles behind him was the race's mystery rider — a horseman wearing a hood over his head.

Runner's Third
The first runner, Edo Romagnoli, was a strong third, only seven miles behind Paulick. The 37-year-old New York policeman stopped in Heber to rest for half an hour and to have a rubdown, and started out again 11 miles behind Paulick. He had gained 4 of these back by midnight.

Further back, some 17 miles behind pace-setting Paulick, came the race's other two official horsemen — Keith Bastain, 21, Roosevelt, and Willis Jacobson, 61, West Jordan, Utah. They were riding together.

Well back — still some five miles west of Heber — was the race's only remaining runner, short-gaited Paul Simpson, a 53-year-old Burlington, N. C., mailman.

The race's third runner, one-armed Roy McMurtry, a part-time baseball umpire from Tucson, Ariz., pulled out of the test about 27 miles from the start. Said he:

"This'll be my last run. At 62, I think I'm just a bit too old."

BRAVES BEAT CARDS; CLOSE IN ON GIANTS

By ED WILKS

Associated Press Sports Writer
Maybe the Milwaukee Braves aren't hurting so much after all. Hank Aaron is over .360 at last and they're no worse in the standings than they were a year ago, when they won the National League pennant and the world championship.

With Aaron going 4-for-4, upping his batting average to .365, the Braves beat the St. Louis Cardinals 2-1 Tuesday night. It was the only game played—rain washed out the rest—and put the champs within half a game of first-place San Francisco again.

5 Hits For Cards

At the moment, the Braves have a 49-38 record and are .005 percentage points behind the Giants. A year ago, after 87 games, the Braves also were second, with a 49-37 record (one game was a tie).

Aaron and Ed Mathews, the big man in last year's attack, had six of the Braves' eight hits off Bob Mabe while rookie Carl Willey squared his record at 3-3 after losing three in a row. Mathews and Aaron singled and Mathews scored in the fourth, when the Cards chipped in three of their four errors. And they singled again in the eighth, when Del Crandall's sacrifice fly scored Mathews with the clincher.

The Cards got only five hits off Willey, who had 'em blanked on two hits until Joe Cunningham tripled and Stan Musial doubled in the sixth.

JOE BROWN TO DEFEND TITLE

By HAROLD V. RATLIFF

HOUSTON, Tex. (AP) — Tough-talking Joe Brown meets the last of the persistent challengers for his world's lightweight championship tonight with the prediction that he'll dispose of this one — Kenny Lane of Michigan — about like he has all the others.

Brown will be defending his title for the fifth time in 23 months. He disposed of the previous four challengers — Wallace Smith, Orlando Zuleta, Joey Lopez, and Ralph Dupas — by knockouts.

It will be Brown's second big pay day in less than three months. The Little Negro from Baton Rouge, La., pulled down \$40,000 for whipping Dupas here May 7. He should get about the same out of tonight's fight.

Texas Boxing Enterprises, the promoters, said almost \$50,000 already was in the till and it should approach \$60,000 by fight time, 9 p.m. (EST). There will be \$45,000 from radio and television.

The fight culminates a two-year campaign by Lane for a chance at the title.

STANTON, Del. — Pikadon (\$15.00) took feature at Delaware Park.

Gettysburg Big Little Loop

A special meeting of Big-Little League officials will be held this evening at 8 o'clock at the American Legion Home, Baltimore St., according to Glenn Harner, president.

An all-star league squad will be selected and the date set for the all-star game.

All officials are urged to be present.

The American Legion and Elks meet this evening at 8 o'clock in a regularly scheduled game.

GOODMAN EYES BATTING TITLE IN BIG SPURT

By JOE MOOSHIL

CHICAGO (AP) — "You've got to be lucky to do it," says Billy Goodman when asked about his chances for winning the American League batting title.

The Chicago White Sox infielder should know because he hauled off the title in 1950 while a member of the Boston Red Sox. Eight years and two teams later, Goodman has high hopes of again winning the title.

"It's a long way off yet," says Billy, "but I have just as good a chance as anyone as long as I can stay hot. And, believe me, I've been hot."

Won With .354

Goodman, 32, and in his 11th major league campaign, won the championship with a .354 mark as a member of the Red Sox. He has a .306 lifetime average.

Goodman has a 10-game hitting streak going, having collected 20 hits in his last 44 times a bat—well over .400. In the last four weeks he has hit safely in 20 of 23 games and has raised his average from .252 to .335, getting 44 hits in 101 times at bat.

Nellie Fox, the White Sox star second baseman who only two weeks ago was in the league lead and still has a chance for the title with his .321 mark, believes Goodman will win out.

Pirates To Conduct Camp At Carlisle

The Pittsburgh Pirates will conduct a tryout camp at Carlisle High School Field, Carlisle, Saturday, August 9, starting at 9:30 a.m.

The sessions will be under the direction of Ray Welsh, scouting supervisor, assisted by Lou Bertsch and Dave Heckler, territorial scouts.

The players must be at least 16 years of age to be eligible to attend the camp. Players are also expected to furnish their own baseball shoes, uniforms and gloves with the Pirates furnishing all other equipment. Players will also be responsible for their traveling and living expenses with the understanding that all expenses will be reimbursed to those players signed to contracts with Pittsburgh organization clubs.

OCEANPORT, N.J.—Lord Greer (\$19.20) won feature at Monmouth Park.

YANKEES CLIP DETROIT WITH RECORD 23 HITS

By ED WILKS

That American League "race" may be dull, but you can't say they're not trying to liven things up as the New York Yankees romp along with a 12-game lead. Take Tuesday night.

1. Cleveland's Vic Power missed most of the first game in a two-night double-header with Washington. He thought only a single game was scheduled. Washington took the opener 4-2 in 12 innings but the Indians, with Power lining a two-run double, won the night cap 5-3.

23 Yankee Hits

2. The Yankees clipped Detroit 13-3 as Bob Turley won his 15th, but the Yankees made it a bit out of the ordinary by getting 23 hits, high for the season in A.L.

3. Baltimore and the Chicago White Sox, running 1-2 in team fielding, booted the ball around for five unearned runs in a 4-2 Chicago victory.

4. Kansas City got only four hits, but beat Boston 4-3 on Hector Lopez' two-run, two-out homer in the ninth.

Chisox 4th Now

Turley, who has lost but three, had a four-hitter and a 13-1 lead going into the ninth. Then the Tigers counted two on Gus Zernia's fifth homer and doubles by Frank Bolling and Tio Francona.

The White Sox jumped past the Tigers into fourth place as Billy Pierce, 10 games behind last year's 20-victory pace, won his 10th. He had a shutout for 8 2/3 innings, then needed Turk Lowe's relief help when he walked two runs home after an error by shortstop Luis Apar

CONGRESS MAY QUIT DESPITE WORLD CRISIS

By JACK BELL

WASHINGTON (AP)—Sen. William F. Knowland (R-Calif.) said today he expects President Eisenhower to maintain close personal liaison with legislative leaders if Congress goes home while the Middle East crisis remains unresolved.

Knowland said telephone communications between the President and the leaders of both parties offer a better means of keeping legislators informed than if some committee were left behind in Washington to maintain liaison.

"Congress can go back in session within 24 hours if some emergency should arise requiring its action," the Senate Republican leader said. "I am sure the President will keep in close contact with us."

Okay With Johnson

Although he declined public comment on the matter, Senate Democratic Leader Lyndon B. Johnson of Texas was reported to have told friends he would find such an arrangement satisfactory.

Johnson told a news conference he sees no reason why the Middle East situation should delay the adjournment of Congress, but he would make no prediction on a quiting date.

Sen. Everett Dirksen of Illinois, the Senate's assistant GOP leader, said Eisenhower was told the House could clean up its work Aug. 9. Knowland said if all goes well the Senate could make a similar deadline.

Will Be Buried In Dress For Wedding

PITTSBURGH (AP)—Nine-year-old Palma LaGrotteria talked often about how she was going to be a flower girl in the September wedding of a family friend.

And she was all excited about her gown for the wedding, a replica of the bride-to-be's white gown, overlaid with pink tulle. Why, she even helped her mother pick it out.

Palma will wear the gown, but not at the wedding. She'll be buried in it Friday.

She died Tuesday of leukemia, a form of cancer affecting the blood.

Monkeys Reported On Mass. Turnpike

SPRINGFIELD, Mass. (AP)—A motorist on the Massachusetts Turnpike reported a monkey leaped on the hood of his car while the car was traveling at 50 miles an hour.

State police admittedly were skeptical.

A short while later, however, another motorist reported seeing a monkey sunning himself on a guardpost and then doing a couple of back flips on the hood of a passing car.

Where the monkey came from was a mystery.

CALL FOUR MORE IN ADAMS CASE

WASHINGTON (AP)—Four more persons were summoned today to tell a House Armed Services subcommittee what they know about a government penalty settlement with a New England textile firm.

The subcommittee wants to find out whether Sherman Adams, President Eisenhower's top aide, exerted any pressure in behalf of Rayline Worsted, Inc., of Manchester, N. H. That firm last year received a rebate of \$41,284 from a 16-year-old penalty payment.

Roswell M. Austin, retired chairman of the Armed Services Board of Contract Appeals, has said he thinks Adams intervened improperly in the case.

This is denied by the White House and former officials of Rayline, which is now defunct. The White House said Adams only relayed routine queries.

Col. Joseph A. Avery, a member of the appeals board at present, was the only witness heard in the first two days of closed-door sessions.

FARM WORK IS SLOWED BY RAIN

HARRISBURG (AP)—Heavy rains have halted farm activity in some parts of the state and sunshine is needed to allow farmers back into their fields and to keep crops from spoiling, the State Agriculture Department reports.

The department's weekly crop summary for the week ended Monday said in part:

PA. SCHOOLMEN OPEN SESSIONS

UNIVERSITY PARK, Pa. (AP)—School administrators must become stronger leaders within their communities, Stewart H. Smith, president of Marshall College, said today.

"The quality of educational leadership during the next 10 years will determine to a large extent the future of our nation and perhaps the world," Dr. Smith said, in a speech prepared for a meeting of Pennsylvania School Administrators. The 36th annual conference, which began Tuesday, continues through Thursday.

Dr. Smith urged the administrators to have face-to-face contacts with parents and taxpayers, to write newspaper articles and editorials, to organize citizen councils, and to bring more people into the schools.

The West Virginia educator also urged them to provide inspiration and direction to the students and to their staffs and to place more emphasis on and seek more recognition for intellectual achievement.

PLAN YOUTH CONFERENCE

HARRISBURG (AP)—A newly appointed 37-member committee will start plans for Pennsylvania's participation in the 1961 White House Conference on Children and Youth.

In appointing the committee Tuesday, Gov. Leader said the group will serve as an interim committee to make suggestions on education to a new committee that will be appointed by the next chief executive.

OK EXTRA JUDGES

WASHINGTON (AP)—The House Judiciary subcommittee approved a bill Tuesday which would create three new federal judgeships in eastern Pennsylvania and two in western Pennsylvania.

The bill also would give permanent status to a temporary federal judgeship in the western part of the state.

CHANGED OUTFITS

COLUMBIA, S.C. (AP)—Police arrested three boys, aged 14, 15 and 16, on charges of breaking into cleaning firms and helping themselves to clean clothes, leaving their soiled outfits behind them.

"Heavy rains halted farm activity in northwestern counties during the week. In a number of other areas, showers hampered haymaking and grain harvest."

"Rain throughout the state caused a hay spoilage problem. Many fields had been cut but the crop spoiled on the ground because of unfavorable weather."

"While wet weather has caused some potatoes to rot in the ground in northern tier counties, early potatoes are being marketed in southern counties and early summer cabbage is moving to markets in volume."

"Limited volumes of early sweet corn, tomatoes, cobble potatoes and some early peaches also began moving to market during the week."

"The red sour cherry harvest has passed its peak in the Adams-Franklin fruit belt. Tobacco is showing progress and some early plants are expected to be ready to top by July 26."

McGonigle Assails Forced Registration

PHILADELPHIA (AP)—Arthur T. McGonigle, Republican candidate for governor, today denounced a proposal for forced registration of union members.

"All patriotic Pennsylvanians are shocked by the recent demand of Joseph A. McDonough, president of the Pennsylvania Federation of Labor, that labor union members be compelled to register and vote as a condition of union affiliation," he said.

In a speech prepared for the Rotary Club meeting here today, McGonigle said the proposal was "deserving of the contempt of all decent citizens."

"It is a classic example of the perversion of a legitimate political objective, namely, the registration of voters, into a drive to convert this nation into a one-party system," he added.

PENN FRUIT CO. BUYS 22 STORES

PHILADELPHIA (AP)—Purchase of the entire 22-store chain of Best Markets, Inc. by the Penn Fruit Co. for an undisclosed amount has been announced by the two firms.

Best Markets last year had total sales of approximately 22 million dollars. Penn Fruit's current annual sales are about 160 million. The deal, announced Tuesday, means 77 retail food outlets will carry the Penn Fruit sign in Pennsylvania, Delaware, Maryland, New Jersey and New York.

Penn Fruit now has 55 stores in operation and contemplates construction of 12 additional ones in the fiscal year beginning Sept. 1. Of the 22 stores in the Best Markets chain, 20 are supermarkets.

The company has three more supermarkets under construction. A spokesman for Penn Fruit said it would be impossible to determine the amount involved in the transaction until inventory of Best Markets' assets had been purchased. Final settlement of the deal.

WON'T RE-ARGUE OLD INJUNCTION

PHILADELPHIA (AP)—New Jersey buses entering Philadelphia do not have to pay an annual license fee of \$50.

The U.S. Third Circuit Court of Appeals Tuesday turned down the city's petition for a reargument of a 20-year old injunction which prohibits the city from requiring payment of the fee.

Judge William H. Kirkpatrick issued the injunction in U.S. District Court in 1938 and refused to lift it despite new arguments by the city last year.

Times have changed in the last two decades, City Solicitor David Burger had argued. Camden, N.J., and its adjacent communities are in fact suburbs of Philadelphia, he said.

The city under a Pennsylvania Law has the right to levy the \$50 fee on buses moving from points in the city to suburban points within a 10-mile radius.

To Vote On Public Accounting Bill

WASHINGTON (AP)—The House Labor Committee votes formally today on a bill to require public accounting of employee welfare and pension benefit plans.

It gave tentative approval Tuesday after adopting amendments providing criminal penalties for violators.

Rep. Ludwig Teller (D-NY), one of the measure's chief sponsors said the amendments "toughened up the bill considerably."

Penalty For Failure

The measure would require administrators of employee welfare or pension benefit plans to make available to each beneficiary or participant a description of the plan and an annual financial report.

Failure to furnish them when requested would mean a fine of \$50 a day for each day of not doing so.

A copy of all reports would be filed with the secretary of labor. They would have to be sworn to, making them subject to perjury laws. Willful failure to file with the secretary of labor would carry a criminal penalty of \$1,000 fine or six months in jail.

LOTS OF PRIME TV TIME IS ON NETWORK HANDS

By CYNTHIA LOWRY

Associated Press Writer
NEW YORK (AP)—Unless something exceptional occurs during the next month or so, the two rarest sights on television will be the live dramatic show and the sponsored show.

At this moment, approximately one third of what is considered prime viewing time (from 7:30 to 10:30 p.m.) remains unsold by the three major networks, according to a checkup by Variety, show business trade paper. This is about 75 million dollars worth of airtime and almost as many millions again in production costs. And if sponsors don't pick up the bills, the networks are certainly going to do some economizing—with results visible on the nation's home screens.

Network officials, of course, are not eager to spread word of the current problems. But an answer to the question of where the sponsors and their bankrolls have gone is offered by one important advertising agency executive whose job it is to watch television trends and currents.

Looking For the Best

"One of the big reasons for sponsor resistance to television," he says "is that most clients and their agencies continue to look for other Gunsmoke, another I Love Lucy, another \$64,000 Question."

The problem, continues the agency man, is that today programming generally has reached a point in quality where there are a lot of shows around, and all of them good.

"The whole thing has led to a leveling off. Clients are just not going to find any one outstanding show because almost all shows have reached a reasonably good level."

Fewer Extravaganzas

And of course, there is—or was—the recession.

"In the past, the way to build the medium was to cater to the advertising giants," he says. "And the advertising giants run like rabbits at the first sign of trouble. Television should have made more provisions for the small advertisers. The agencies right now are looking for ways to have more than two sponsors for a half hour show."

What will this mean to you and to me? Probably fewer expensive talent shows, more movies, more inexpensive panel and audience participation shows—and more plugs for coming attractions instead of the regular commercials.

Firemen Fight Fire Above Central Park

NEW YORK (AP)—Cliff-hanging firemen battled a stubborn blaze on the roof of Hampshire House, a fashionable hotel, for almost 15 hours Tuesday before bringing the fire under control.

The fire fighters, working more than 400 feet above Central Park South, had to use pneumatic drills to punch holes in the steel, slanting roof to get at burning beams.

Firemen said the fire apparently was caused by sheet metal workers repairing the roof.

KANSAS CITY (AP)—It was an exciting afternoon for the two boys aged 8 and 9.

Then Patrolman Ben Way arrested them and asked if they knew what had happened to the piggy bank containing \$60 missing from the nearby apartment of Mrs. Josephine Winslow.

The boys admitted taking the money and old of buying hamburgers, malted milks, flashlights and knives and a chihuahua.

"I've always wanted a chihuahua," one said. "He cost \$45."

The dog will go back to the pet shop.

James MARLOW Reports

The Associated Press

WASHINGTON (AP)—For sheer confusion, the present mixup on a summit meeting is in a class by itself. One thing is sure: Nikita Khrushchev split the Western Allies' thinking on what to do.

He proposed a five-power summit meeting on the Middle East, practically anywhere. The British said: Fine, let's hold it in the United Nations Security Council. The French said: Oh, not there. And this country said Premier Khrushchev could come to the Security Council if he wished but then indicated — so obliquely it showed President Eisenhower had small taste for the idea — we'd take part in a summit meeting in the Council.

Eisenhower On Spot
Nowhere in his answer did Eisenhower say he himself would take part. But if Khrushchev showed up, along with British Prime Minister Macmillan, Eisenhower could hardly fail to do the same.

One way to digest all this is to take it step by step.

Ever since last December Khrushchev had been making Soviet propaganda by calling for a summit meeting on world problems in general. But on June 16, by breaking off negotiations with Western ambassador in Moscow, the Soviets all but wrecked any hope for a summit conference in 1958.

Mid East Crisis
Then on July 14 came the Iraqi revolution and the call for American troops by President Chamoun of Lebanon and for British troops by King Hussein of Jordan. Their reasons were the same: fear their governments would be overthrown. American and British troops were sent in.

Khrushchev expressed fear of war, called the American and British action interference in the Middle East, and proposed a summit meeting to discuss the Middle

"A friend of mine moved into a new house last month," says Mrs. Aletha Pitzer of R. I. Biglerville, Pa. "And one of the things she likes best is her new electric water heater!"

"Of course, I'm not surprised! After all, I know how much I appreciate ours! It's wonderful to forget completely about the hot water problem — and know that you'll always have enough. How did families like ours ever put up with those old-fashioned water heaters? We always had to wonder if we turned it off when we went away."

BELLE, OSTWIND DENY GUILT ON CHARGES BY FBI

PITTSBURGH (AP)—Pittsburgh financier Earl Belle and associate Mitchell D. Ostwind say they are innocent of charges filed by the FBI that they fraudulently converted \$62,500.

Contacted in Rio de Janeiro, Brazil, neither 26-year-old Belle nor Ostwind would comment on their plans.

Ostwind said he thought he was being crucified. He did not elaborate.

"All Done Properly"
"I don't know how any charges could be made," Belle said. "Any checks I signed, any money I drew was all done properly."

Asked if he would return to face the charges, Belle said, "I will answer all charges. That's all I will say on this subject."

In Washington, the Justice Department said a copy of the charges would be turned over to the State Department with a request that it determine what could be done about extraditing the two back to the United States.

According to the Justice Department, East. He wasn't talking of world problems in general now.

The kind of summit meeting he had in mind would be made up of the heads of state of the United States, Britain, France, the Soviet Union and India. Khrushchev suggested the meeting be held in Geneva, Washington, or just about anywhere.

British Pressure
He made this suggestion July 19. Since then, the Western Allies have talked it over. It gradually became clear Eisenhower and Secretary of State Dulles didn't want to buy Khrushchev's idea.

But the British did. This put pressure on Eisenhower to go along to some degree with the British. Tuesday things began to pop.

Macmillan messaged the Khrushchev government that the heads of the big powers should hold a summit meeting in the Security Council. Said Macmillan: "I would certainly be willing to attend such a meeting if you would also go."

White House Message
Then the White House put out Eisenhower's message to Khrushchev. He said Khrushchev, if he had any complaint about American conduct in the Middle East, could go to the Security Council himself.

Eisenhower said this country would take part if such a meeting were generally desired. What "generally desired" means was not made clear.

(Under U.N. rules the heads of state can sit in the Security Council in place of their regular delegates. That's why such a Council meeting could be a summit meeting.)

De Gaulle Opposed
But France's Premier Charles de Gaulle was seeing things otherwise. He messaged Khrushchev that the U.N. presently lacks the calm and serene atmosphere France desires for a summit conference. He called for the big powers to name another place and time for such a conference.

This put it up to Khrushchev to speak his piece. He'll probably cause some more confusion, for the Soviets have complicated the very Middle East problem which Khrushchev protests he wants to solve.

FEPC Will Ask For More Jurisdiction

PITTSBURGH (AP)—The Pennsylvania Fair Employment Practice Commission will seek an increased budget and an expansion of jurisdiction from the 1956 Legislature.

The commission said the larger budget will be necessary in order to expand personnel and programs to meet the increasing demand for service.

At a meeting Tuesday, the nine-member bi-partisan commission voted to ask for expansion of the law to include firms employing 6 or more persons instead of the present minimum of 12. It also agreed to ask for jurisdiction over agricultural workers.

SENATE VOTES 3-YEAR TRADE BILL EXTENSION

WASHINGTON (AP)—Senate leaders predicted today that the reciprocal trade extension bill will emerge from conference with the House in a form satisfactory to President Eisenhower.

Sen. Harry F. Byrd (D-Va.), who will head the Senate conferees, told a reporter, "I am sure we will work out a bill that will be fully acceptable to the President."

Senate Democratic Leader Lyndon B. Johnson (D-Tex.) said the conferees might come up with the full five-year extension asked by the President. If not, he said they surely will agree on four.

Major Victory For Ike
The Senate Tuesday night passed a three-year extension measure 72-16 after five days of debate.

The body rolled up a smashing 63-27 bipartisan vote to give Eisenhower a major victory in his fight to retain his power to override Tariff Commission recommendations for quotas and higher tariffs.

But the leaders on both sides who cooperated to achieve this did not call for any other floor tests on provisions put into the bill by the Senate Finance Committee over administration opposition.

Can Override Commission
They preferred instead to iron these out in conference. The House passed the measure 317-98 last month in a form which met all Eisenhower's specifications.

Under present law, the President can and sometimes does override a Tariff Commission recommendation for relief to an industry claiming damage from foreign imports.

But under the provision the Senate rejected, his decision against such a recommendation would not have prevailed unless a majority of both branches of Congress passed a resolution backing him.

The Senate action meant a return to present law. But the House put in its bill a provision allowing Congress to reverse the President in such a case by a two-thirds vote of each branch, and this may be restored in conference. It is acceptable to Eisenhower.

PENNSY LOST 25 MILLIONS

PHILADELPHIA (AP)—The Pennsylvania Railroad reported today it lost \$1,088,600 in June and \$25,353,000 in the first six months of the year.

This compared with earning of \$1,255,400 in June, 1957, the railroad reported, and earnings of \$12,271,800 for the first six months of 1957.

The railroad said gross revenues for the six month period were \$401,596,290, a decline of 20 per cent from June, 1957. Expenses lars from the same 1957 period.

ment, this country does not have a formal extradition treaty with Brazil, thus each case of this kind is dealt with individually.

The FBI filed the charges Tuesday, claiming the money involved was in the form of five \$12,500 checks drawn on the Manufacturers Bank of Edgewater, N.J.

In another complaint filed before a U. S. commissioner, the FBI charged Belle with transporting a \$40,000 check drawn on the Chase National Bank of New York to Salisbury, Pa., "which check was known by Belle to have been converted and taken by fraud."

The FBI charged that Belle and Ostwind conspired with other unknown persons to violate the U.S. Code.

CRISIS DEEPENS AS NASSER ASKS HUSSEIN DEATH

By WILLIAM L. RYAN
AP Foreign News Analyst

NABLUS, Jordan (AP)—Gamal Abdel Nasser proclaimed himself a man of peace Tuesday — and virtually called for the assassination of King Hussein of Jordan.

It is the first time Nasser personally has suggested assassination for the Jordanian King, although his "Voice of the Arabs" propaganda radio station has done so often.

The President of the United Arab Republic, in his annual speech, called expressly on the

June revenues were listed at \$70,156,218, a decline of 16.2 per cent from June, 1957. Expenses for the month also were down 16.2 per cent as a result of efforts to cut costs, the PRR said. Freight volume in ton miles for June was down 17.9 per cent from the same month last year and car-loading were down 21.7 per cent.

people of Jerusalem, Nablus and Ramallah — the main Palestinian towns in Jordan — to heed his words.

Pointed Reference
Nasser pointedly referred to the late King Abdullah, Hussein's grandfather, and to the year 1961 in which Abdullah was assassinated by Arab Palestinians. He accused Hussein of following in his grandfather's footsteps by calling on Britain for aid.

Nasser's suggestion, however indirect, could not possibly be lost on his hearers—Hussein is in line for his grandfather's fate.

"We call for peace and we make every effort to strengthen this peace," said Nasser. But there was no hint of compromise in his assertion that "the British armed aggression against Jordan will be defeated — the American armed aggression against Lebanon will be defeated."

Crisis Deepens
Should Nasser call now for discussions on the Lebanese and other Middle East problems, the West might be justified in considering he is seeking only breathing space in which to prepare for his next assault. There are already signs that the crisis is getting deeper. Nablus and other cities in the

Fire Chief Hurt At "Barn Burning"

MIDDLETOWN, Pa. (AP)—Fire Chief John Brubaker, Middletown, suffered first degree burns on the hands and face during a "barn burning" staged by Middletown and Highspire fire companies Tuesday night.

Brubaker was injured when an incendiary bomb used to ignite the barn flared as he attempted to throw it.

The condemned building was being razed to make room for another building for children at the Easter Seal Camp near here.

State Concerned About Codorus Creek

HARRISBURG (AP)—The Sanitary Water Board says it is gravely concerned with the prob-

lem of continued discharge of industrial wastes into the Codorus Creek in York County. Due to the seriousness of the problem, the board said, extensions of time were denied Tuesday for three York County paper mills under orders to treat wastes from their mills on the creek. The Yorktown Paper Co. and Certain-Teed Products Corp., both of Spring Garden Township, and Schmidt and Ault Paper Co., York, received orders last August to comply with the clean streams law.

SON OUTSHOOT DAD, FBI MAN
OKLAHOMA CITY (AP)—D. A. Bryce, special agent in charge of the Federal Bureau of Investigation in Oklahoma, has a reputation as the best shot in the state. Yet he had to admit defeat when he took his 12-year-old son Johnny deer hunting.

Johnny bagged a buck at 80 yards, 17 minutes after they hit the field. Bryce hunted all day and failed to bag a deer.

QUAIL EXPERT
DURANT, Okla. (AP)—Paul Hayes went quail hunting three times. In all he fired 17 times and got 17 quail.

LAWRENCE TO RUN ON RECORD

PITTSBURGH (AP)—Mayor David Lawrence, Democratic gubernatorial candidate, says he will base his personal platform on what he claims has been accomplished in Pittsburgh's renaissance — a multi-million dollar redevelopment program. Lawrence addressed more than 1,500 persons Tuesday night at the Kane-Stewart boosters picnic in South Park here.

The affair, regarded as the kickoff of the Lawrence campaign in Allegheny County, was interrupted by rain. John J. Kane and Howard Stewart, the two Allegheny County Democratic commissioners, head the "Kane - Stewart Boosters Club."

Lawrence said that the county commissioners "realized that government, management and labor, working together in their great areas of common interest, could accomplish far more than they could as three separate and conflicting elements."

BLAME RAINS FOR DEATHS OF FISH IN RIVER

HARRISBURG (AP)—A Sanitary Water Board expert theorized Tuesday that a huge fish kill on a 40-mile section of the Susquehanna River was due to a heavy rainfall washing great quantities of acid mine water into the stream.

Sanitary engineer F. B. Milligan said his theory was still preliminary pending receipt of reports from a double-pronged probe of the fish damage last week.

"I would say preliminarily that heavy rain on the West Branch of the river washed so much acid mine water into the stream that it created an imbalance with the alkalinity of Bald Eagle Creek," he said.

Thousands Die
The West Branch of the Susquehanna and Bald Eagle Creek meet at Lock Haven. He said water from the creek usually neutralizes the acid discharged from the West Branch.

Thousands of fish were found dead as far down the river as Liverpool in Perry County.

The Sunbury Hunting and Fishing Club demanded an investigation of the pollution which it said killed all kinds of sport fish, including bass, pike, carp, suckers, sunfish and chubs.

William Voigt, executive director of the State Fish Commission, joined Milligan on the acid mine water theory but said final conclusions must await official on-the-spot surveys.

Boy Is Killed As He Darts In Car's Path

WEST CHESTER, Pa. (AP)—Four-year-old Howard R. Miller dived onto a highway and was killed by a car Monday when he disobeyed the warning of an older brother.

Coroner Ashton V. Smith of West Chester said Howard and his brother, Albert, 10, started across a highway four miles north of West Chester toward their house. He said Howard ignored a warning from the older brother, and dashed into the path of a car driven by Garfield Greer, 25, West Chester.

The youngster, son of Albert Miller, chief of the West Whiteland volunteer fire company, was killed instantly. Greer was treated for shock at Chester County Hospital.

River Patrol Begun To Halt Drownings

HARRISBURG (AP)—Recent drownings in the Susquehanna River brought about organization Tuesday of a new river rescue service.

The East Pennsboro Twp. (Cumberland County) civil defense organization set up a 16-member river patrol using a fleet of 12 boats. Primary service will be offered for a one-mile stretch between the Rockville Bridge and Summerdale. The patrol will be available for emergencies on other parts of the river.

ARMY RELEASES RESEARCH WHIZ

ABERDEEN, Md. (AP)—The Army said Tuesday it has released Pvt. Ernest Shult, the mathematical whiz once assigned to clerk-typist duties in the service.

A spokesman in the Information office at Aberdeen Proving Ground said Shult was given a special discharge Monday. He left a forwarding address of Southern Illinois University, where he did research before he was inducted. It was the insistence of a faculty member at Southern Illinois which resulted in Shult getting a transfer from clerical duties at Ft. Lee, Va., to the Army chemical center at Edgewood, Md., where he worked in the mathematics branch of the weapons research division.

Dr. Carl C. Lindgren, director of biological research at the university, last October accused the Army of wasting the genius of his former student.

Immediately Army scientists bid for his services and the 25-year-old private was sent to Edgewood.

Dr. Lindgren said Monday that he recently wrote Maj. Gen. Herbert M. Jones, adjutant general, complaining Shult was still mis-placed.

He added that the university needed the soldier's talents in a series of experiments dealing with heredity and cancer.

He was drafted in April 1957.

LONDON (AP)—Government officials reported Tuesday that Britain and the United States are consulting the Baghdad Pact allies on the question of recognizing the new Iraqi republic.

The officials here said Washington and London lean in favor of some form of recognition for the revolutionary regime but that Turkey, Iran and Pakistan are cool to the suggestion.

Three-Story Fall Is Fatal To Young Girl

LOCK HAVEN, Pa. (AP)—A three-year-old girl fell three stories to her death from an open window of a midcity apartment here Monday night.

City police identified the victim as Cathy Neff, only child of Mr. and Mrs. Charles I. Neff. She fell on her hands and knees but died of internal injuries four hours later in Lock Haven Hospital.

DUTCH DAYS TO BE AUG. 21-24

HERSHEY, Pa. — The tenth annual Pennsylvania Dutch Days, presenting a colorful panorama of the Pennsylvania Dutch and their enthusiastic adherents, will be held at Hershey Park August 21 through 24.

This year, in addition to the many new Dutch features, the celebration will also embrace the 16th annual National Plowing Contest and Conservation Exposition.

There will be more than 100 craftsmen at work in the huge Sports Arena, plying such colorful trades as weaving, blacksmithing, glassblowing, candle dipping, ceramics and quilting.

The quilting parties, the focal point of the craft exhibit, will produce the kind of bed coverings like Grandma used to make. In addition, there will be a mammoth display of 300 quilts, many of them 100 years old, hung all around the arena.

Dutch Dialect Speakers
Dutch dialect speakers, an old-fashioned Dutch auction, a Pennsylvania German religious service, plus music by the Johnny Schmoker Band, a group of strolling German musicians, and a steam calliope drawn by a 8-pony hitch, have been secured to enliven the proceedings.

Square dancing is scheduled for the park's Starlight Ballroom and agriculture features, in addition to the plowing contest, will include a dairy cattle show, poultry festival, hay show and pony school.

And, of course, a custom of long standing, except for food, there will be no charge to any of the Dutch Days events.

The jurist who drafted the Ordinance of Secession in the Civil War was a Mississippian named Lucius Quintus Cincinnatus Lamar. Later he was an associate justice of the Supreme Court.

Says Industry Is Backbone Of Penna.

HARRISBURG (AP)—Rep. Albert W. Johnson, House Republican floor leader, says that despite Democratic blasts against the Pennsylvania Manufacturers' Assn., both political parties know industry is the backbone of the Commonwealth.

Johnson described the PMA as an organization of 8,400 business firms employing thousands of persons. He said in a statement Tuesday that attacks on the organization by Sen. Joseph M. Barr, Democratic state chairman, would cause any businessman to "think twice before deciding to locate in the Commonwealth."

Johnson referred to a statement

by Barr that Pennsylvanians could drive the PMA out of the politics by voting Democratic in the Nov. 4 elections.

HARRISBURG (AP)—The State Commission on Constitutional Revision will hear reports from its various committees in a meeting here Aug. 27.

Judge Robert E. Woodside, chairman of the group, said the commission would decide on the basis of the committee reports, whether the present state constitution should be changed or completely rewritten.

Between 1948 and 1956 the output per man increased by two-fifths on British farms.

Big Car Race At Grove On Sunday

WILLIAMS GROVE, Pa.—Postponed over two weeks ago due to a hard rain, the scheduled clash between Eastern and Midwestern sprint car chauffeurs will be staged this Sunday afternoon on the Williams Grove Speedway.

An even greater number than the 30-car field of drivers who went through a warm-up period earlier this month before the downpour put a damper on proceedings will be back for the season's second big car race on the half-mile oval.

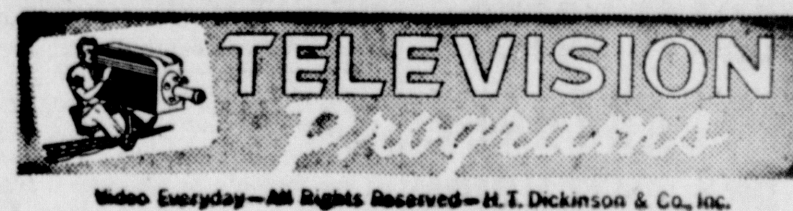

Roy Richwine, owner of the speedway, announced that rain checks

outstanding from July 6 will be honored for this week's USAC big car auto races.

(AP)—Clayton Ewing's Dyna, sailing out of Sturgeon Bay, Wis., won the 51st annual Chicago-to-Mackinac yacht race with a corrected time of 60 hours 52 minutes and 26 seconds.

The big yawl crossed the finish line Tuesday ahead of a fleet of 76 30-car field of drivers who went through a warm-up period earlier this month before the downpour put a damper on proceedings will be back for the season's second big car race on the half-mile oval.

The Territory of Wyoming was organized in 1890, and it was admitted to the union in 1890.

World Briefs

By THE ASSOCIATED PRESS

CARACAS, Venezuela (AP) — A demonstration by some 100,000 Venezuelans forced the resignation today of Defense Minister Jesus Maria Castro Leon after he sought to assert political power for the army.

Gen. Castro Leon had served an ultimatum on Rear Adm. Wolfgang Larrazabal, president of Venezuela's five-man ruling junta, in what looked like the first step in a plan to oust the government.

Venezuelans regarded the plan as a showdown between the people and the military, which traditionally has ruled this oil-rich nation. Students, professional people and workers assembled in front of the government palace until after midnight in support of the junta which overthrew the military dictatorship of Marcos Jimenez exactly six months ago.

BEIRUT, Lebanon (AP) — Speaker Adel Oseiran has postponed for one week Parliament's election of a new president, apparently to give more time to a search for a candidate acceptable to both government and rebels.

The election session was scheduled for Thursday.

One of the reasons for the 75-day-old Lebanese rebellion is opposition to pro-Western President Camille Chamoun, whose term ends Sept. 23. Some neutral political leaders have been seeking to end the rebellion by finding a compromise successor.

NICOSIA, Cyprus (AP) — British Gov. Sir Hugh Foot announced today that more than 1,200 Greek Cypriots have been arrested since Monday in an attempt to prevent communal bloodshed on Cyprus from developing into full-scale civil war.

Foot said the weep, which is still going on in scattered parts of the British island colony, was ordered after secret information was received that EOKA, the Greek-Cypriot underground, had ordered its members to step up attacks on Turkish Cypriots and increase sabotage and attacks on British security forces.

The communal violence began June 7. Twenty persons were killed last week and five more Monday.

MOSCOW (AP) — Pravda suggested today that American commanders in Lebanon plan to hire a gang of cut-throats, arm them with rifles captured from Egypt during the Suez invasion and have them attack some of the 10,000 U. S. Marines and paratroopers at Beirut.

"This would give the required provocation for U. S. aggression against the United Arab Republic," said the Soviet Communist party's organ.

"The aim becomes clear of the U. S. ambassador in Cairo when he threatened the Nasser government that any attack would be met by aggression," Pravda said.

TOKYO (AP) — Dying Typhoon Alice left at least 10 dead, 32 missing or injured and thousands temporarily homeless today in the teeming Tokyo-Yokohama coastal plain.

Alice struck here with drenching rain and 30-50 m.p.h. winds, turning Japan's capital into a city of fallen trees and flooded streets.

The typhoon then swept out into the Pacific.

VIENNA (AP) — Ordered by Hungary's Communist government to speak to factory workers about the "peace campaign of the Socialist camp," famous Hungarian composer Zoltan Kodaly read from a Bible instead.

There was dead silence in the Budapest factory hall, the Vienna Catholic news agency Kathpress reported today.

Kodaly finished the reading unmolested and walked out.

Speedway Features Hillbilly Jamboree

WILLIAMS GROVE, Pa. — An old-fashioned "Hillbilly Jamboree" will be offered as the free attraction at Williams Grove Park Sunday afternoon, with continuous performances starting at 2 p.m. in the park theatre.

The jamboree will include Hillbilly Hayriders, the Rainbow Valley Boys, and the Purple Mountain Boys featuring Maryann and Eddy Esterline, of Camp Hill, R. I.

On the speedway starting at 1 p.m., the card of big car auto racing postponed due to rain on July 6 will bring together the top stars of the U. S. Auto Club's Eastern and Midwestern circuits.

Rain checks outstanding from the July 6 race will be honored for the re-scheduled six-event card which will feature some veterans of the Indianapolis and Monza (Italy) 500-mile races, it has been announced by Roy Richwine, owner of the half-mile oval.

Reptile Disrupts Wedding Rehearsal

SHELBY, N. C. (AP) — When the minister asked if anyone objected to the marriage of Mary Price and Clyde Willis, the maid of honor let out a shriek.

"Snake," she yelled and scrambled into the choir loft.

She didn't mean the groom . . . but a real live reptile who had slithered into the church. It was just rehearsal. The wedding went off next day with no snakes and no objections.

He," said the Soviet Communist party's organ.

"The aim becomes clear of the U. S. ambassador in Cairo when he threatened the Nasser government that any attack would be met by aggression," Pravda said.

TOKYO (AP) — Dying Typhoon Alice left at least 10 dead, 32 missing or injured and thousands temporarily homeless today in the teeming Tokyo-Yokohama coastal plain.

Alice struck here with drenching rain and 30-50 m.p.h. winds, turning Japan's capital into a city of fallen trees and flooded streets.

The typhoon then swept out into the Pacific.

VIENNA (AP) — Ordered by Hungary's Communist government to speak to factory workers about the "peace campaign of the Socialist camp," famous Hungarian composer Zoltan Kodaly read from a Bible instead.

There was dead silence in the Budapest factory hall, the Vienna Catholic news agency Kathpress reported today.

Kodaly finished the reading unmolested and walked out.

TRAPPED BY BARS

ST. LOUIS (AP) — Aubrey Newman, 53, dropped his pipe Tuesday night and the fire department had to be called out.

The pipe didn't start a fire. As Newman reached for it, he fell forward and jammed his head between two iron bars in a porch railing.

Firemen pried the bars apart and freed him. He found his pipe.

A thoroughbred horse's heart averages nine pounds in weight. Phar Lap, the great Australian horse, had a heart that weighed 14 pounds.
